RE: Letter of Intent for Purchase of E-Rate Related Wireless Equipment Under NC10WIFI10

Neuse Charter School intends to leverage E-Rate and NCDPI connectivity funding to purchase, contingent upon the issuance of an actual purchase order, E-Rate eligible networking equipment. Said equipment includes network switches, wireless access points, and required accessories under North Carolina Wifi Contract # NC10WIFI10. The attached pricing sheet includes the cost of switches, connection cables, and required accessories totaling \$62,894.00. This represents a 59% discount on hardware as negotiated by the State of North Carolina. This purchase will be for equipment only. No software, programming, or training is included.

These switches, access points and accessories will support staff and student network and internet access throughout and exclusively at Neuse Charter School's campus (BEN #16061693). They are necessary to provide Internet connectivity throughout the building.

Sincerely,

(Authorized Signature)

Brad Williams
Director of Information Technology
Neuse Charter School
